^{*} Subsequent issues are obtainable from the Officer-in-Charge, Agrichtural Credit Department-Reserve Bank of India, Bombay, or from the Managers of the offices and branches of the Reserve Rank of India at Bombay, Calcutta, Delhi, Madras, Rangoon, Cawnpore, Karachi and Lahore, or

FOREWORD.

In this publication, statistics relating to Agriculture and Co-operative Societies generally relate to the year running from July to June. Figures in other cases relate to the fiscal year ending the 31st March, unless indicated as representing the calendar year. As in the preceding issues, the sources from which the figures have been compiled have been stated at the head of each table.

- 2. During the period of war, the publication of statistics on certain subjects was withheld for reasons of security. The preparation of the present issus proceeded on the assumption that the ban would continue. With the cessation of hostilities, however, the ban on the publication of statistics was lifted, but owing to the stage reached in printing, it has not been possible to re-include in the present issue the omissions in their usual context. Figures in the various tables have generally been confined to five years instead of ten years in the interest of paper economy.
- 3. The principal changes made in the tables of the present issue are enumerated below:--

Nineteentl	h Issue	Corresponding table of the	Subject-Matter				
Table number	Page	Eighteenth issue	(Majec o Marcon				
			I.—Tables Added.				
122	350		Index of Industrial Profits.				
135-4	370, 371		Area and Yield of Principal Crops in British India and cortain Indian States.				
			II.—Tables Revised.				
186	485	251	Figures relating to Government Stores and Treasures omitted.				
193	510	265-A	Figures for price level omitted.				

III.—Tables Omitted.

Eighteenth Issue-Table number.	Subject-matter.								
3	Density of population.

^{*} Statistics of the incidence of land revenue assessments dealt with in this table show only the average amount contributed by each acre of land or per head of population in each province or district towards land revenue. They cannot be used for comparing the burden of land revenue on land in the different districts and provinces as no valid comparison is possible without taking into account such factors as the nature of the soil, climate, facilities for irrigation, etc.

Norms (1).—For figures of Forest Revenue and Expenditure, vide table No. 174.

* Excludes Delhi Province.

† Unclassed State forests or 'public forest lands', as they are often called, include in many provinces all unoccupied waste, often entirely devoid of trees. So the statistics do not necessarily represent the wooded areas.

No. 144.—PROTECTION OF FORESTS—RESULTS OF PROTECTION FROM FIRE AND FROM CATTLE.

^{*} The average daily number is calculated by dividing the aggregate number of attendances on working days by the number of working days in the year.

(a) These figures include the weighted average of operatives working on night shifts in cotton mills, but excludes those for 381 factories notified under Sec. 5 of the Factories Act, which did not furnish information.

(b) Particulars of one factory not available.
